

# Labyrinth Walk Oct 2016

Such a beautiful day and eve for a full moon Labyrinth Walk!! We had plenty of time to enjoy the daylight and the rising moon, plus a scrumptious dinner offered by all the participants. Yumm, so much good food. Plus Aura photos and a grand ceremony. Lovely!!

The main Labyrinth at Nathan and Irene's mirrors the original at Chartres in France, which was constructed to symbolize a Pilgrimage to Jerusalem. As we journeyed into the center, we focused on releasing any old ways of being. At the center, we made our statements, supported one another and embraced our new intentions for moving forward. The journey out revealed us as renewed beings of Light.

Oh my!!! Orbs before and after dark.

**Writing releasing and bringing in intentions... Ooooo - such serious business!!**

**Beautiful Jewelry for purchase.**

**Love those Aura Photos!!**

**Many Thanks to Irene and Nathan and all who attended.  
It was a beautiful and enriching evening!!**
