

San Diego Reiki Corps presents:

Past Life Regressions

with Suzanne Mitchem

Past Life Therapy helps you gain knowledge, an understanding of self and an understanding of consciousness. It traces patterns of consciousness, highlights the carry-over into current situations, and enlightens thought forms as well as enlightening bodies of consciousness.

It helps answer: "how I see myself, feel about myself, think about myself, care about myself, express myself, perceive myself and know myself."

Suzanne Mitchem,
RN, Reiki Master and
RoHun Therapist,

has been practicing body work, energy medicine and transpersonal psychology since 1993. She loves this work.....

"exploring our inner world opens us to warmth, love and an understanding of ourselves as well as our lives".

**Join us for a GROUP PAST LIFE REGRESSION
