Sound Healing Summer Concert Series

Improve productivity, creativity, and health.

African Drumming Celebration and Potluck

with Emmalyn Moreno

Sunday, July 9th

4:00-8:00pm

Join Us this evening as we celebrate the last in our Summer Sound Series. Emmalyn will lead us in a high energy, stress releasing event of various rhythms. Drumming accelerates physical healing, boosts the immune system, and produces feelings of well being. It has been an integral part of tribal culture on all continents since the beginning of time! Whether listening or participating is what you prefer, the evening will be about sound and celebration.

Emmalyn is a pianist, composer, singer, dancer and teacher. She has an MA in Ethnomusicology from SDSU and has traveled to Ghana to study African Drumming with the National Dance Theater of Ghana.

Register at: sandiegoreikicorps.org
