

Winter Series #2, What Does Your Business Look Like?

Retail Therapy Table

What fun!! Not only did we have excellent speakers, Josette Diaz and Serena Poisson, but we revived our retail therapy table for our shopping pleasure. We also had yummy refreshments, handed out membership certificates, and opened and closed the session with first a singing bowl grounding meditation and closing with our traditional Reiki Healing Bowl Ritual. As always we send Reiki to all the names we've placed in the bowl, and say goodbye to each other with the intent of safe journeys home. It is truly lovely to gather together in Reiki. Hope you join us for the next event!!

Joan Boccio announcing our next Outreach Event, "Bark For Life"

Josette was quite amazing...

She offered us a thorough plan for starting and maintaining a business. It was very professional and covered everything!! I even learned a few new things. That's saying something for someone who's had a Reiki Business for about 25 years. Hahahahaha!! Guess some of my methods have become outdated. Thanks to Josette I am updating!! Thank You Josette!!

Serena's presentation took a more personal tone, telling stories about her journey and fleshing out the details of Spirit's opinion about that journey. She was quite the comedienne. It was a lovely balance of Left and Right brain info about a Reiki Business, with something for everyone. Thank you Serena!!
