Welcome To Our Community Altar Space!

☆☆☆☆☆☆

We invite you to leave offerings for the altar. This can include: photos of queer ancestors, letters or poems expressing grief or love in any form, items representing a relationship you would like to honor, flowers, or a prayer. You may feed your offerings to the tree or leave them in the surrounding areas.

Once the festival is over, the tree and all the offerings will be turned into compost and offered back to the Earth, turning our collective grief into an opportunity to nourish new lives.

@laur5yus

Hope to see you there
